<b>Title</b>	Login process stuck on "Loading" for several seconds without redirecting to dashboard
<b>Steps to Reproduce:</b>	<ol style="list-style-type: none"> <li>1. Open the mobile app.</li> <li>2. Enter valid credentials and tap the Login button.</li> <li>3. Observe the login process.</li> </ol>
<b>Actual Behavior:</b>	The Login button shows "Loading" for around 15 seconds, then displays a "Login Successful" message, but the user is not redirected to the dashboard.
<b>Expected Behavior:</b>	After tapping the Login button with valid credentials, the app should authenticate the user and redirect to the user dashboard.

<b>Title</b>	Unnecessary "Create" (Plus) Button Displayed on Profile Screen
<b>Steps to Reproduce:</b>	<ol style="list-style-type: none"> <li>1. Log in to the mobile app with valid credentials.</li> <li>2. Tap on the profile picture of an employee from the home screen.</li> <li>3. It will be redirected to the Profile screen.</li> <li>4. Observe the plus "+" icon at the bottom-right corner of the screen.</li> </ol>
<b>Actual Behavior:</b>	A plus icon appears on the profile screen, but it is non-functional and does nothing when tapped.
<b>Expected Behavior:</b>	The profile screen should not show the plus button. If shown, it should perform a clear and useful action.
